Romulus & Remus

THE STORY

An icon of Roman mythology, the sculpture of the she-wolf suckling the infant twins Romulus and Remus, is the popular symbol of Rome and its people.

La Lupa (the she-wolf) rescued the twins from a basket in the river Tiber as they floated by and became caught in the reeds.

The sons of a god and a mortal they were a threat to the chieftain of the district and had been left to drown, when the servant charged with this deed took pity and floated them out into the current.

Romulus would go on to become the founder of the city of Rome.

Through an amazing series of events we came to be in possession of an authentic sculpture, and we honour both the she-wolf and twins, and the person who gifted it to us
